FINISHED TO LOOK UNFINISHED: RAW COLLECTION

Discover the essence of design with the RAW Collection. Architects and interior designers are embracing the allure of natural stone, emphasizing its authenticity. Enter PIATRAONLINE's RAW Collection, a symphony of textures that pays homage to the stones' origins.

Through cutting-edge innovation, we present a wide range of granites, quartzites, and marbles, each boasting unique finishes that uncover the stones' innate spirit. Our approach reveals nature's unprocessed beauty, using advanced technology to delve beneath the surface and unveil authentic forms.

Expose millennia-old veins, concealed textures, and captivating irregularities, elevating each slab with unparalleled value. The RAW finishes, a blend of ruggedness and refinement, create a captivating paradox that enriches diverse design ventures.
